Peter Christian Agbenyega

HEALTHCARE CLOUD SECURITY & PURPLE TEAM ENGINEER

Oneida, New York | 315-316-5855 | peter.cagbenyega@gmail.com
petercagbenyega.com | github.com/Peter-Agbenyega

PROFESSIONAL SUMMARY

Cloud and cybersecurity professional with AWS architecture and security certifications, infrastructure-as-code and secure delivery projects, and experience in regulated human services. Pursuing graduate study in Cloud Computing Systems at UMGC. Developing ethical-hacking, penetration-testing and purple-team skills through authorized training, with a growing focus on healthcare cybersecurity and reliable health IT.

TECHNICAL SKILLS

AWS • Terraform • Infrastructure as Code • Docker • Kubernetes • Linux • GitHub Actions • CI/CD • IAM • Networking • Cloud Security • DevSecOps • Python • Git/GitHub
Developing: ethical hacking, penetration testing and purple teaming in authorized labs.

TECHNICAL PROJECT EXPERIENCE

Cloud Nexus IAM Least-Privilege Generator | *Technical Project*

- Designing a security-focused tool to analyze IAM usage patterns and generate safer least-privilege policy recommendations.

ClusterShield360 - Kubernetes Security Baseline | *Technical Project*

- Built a hardened Kubernetes baseline using parameterized Terraform, namespace RBAC, secrets handling, hardened deployments, ClusterIP services, and network policies.

ResilientOps Cloud Architecture | *Technical Project*

- Developed an AWS infrastructure foundation with Terraform to practice resilient cloud architecture, infrastructure-as-code, and security-aware deployment patterns.

Cloud Nexus AI Content Engine | *Technical Project*

- Web application project using a modern cloud delivery workflow and structured product flows; production use and adoption require separate evidence.

CERTIFICATIONS

AWS Certified Solutions Architect - Associate (SAA-C02) | AWS Certified Solutions Architect - Professional (SAP-C02) | AWS Certified Security - Specialty (SCS-C02)

EDUCATION

M.S. Cloud Computing Systems - In Progress | University of Maryland Global Campus (UMGC)
Graduate Certificate, Cybersecurity Technology - In Progress | University of Maryland Global Campus (UMGC)
Bachelor of Education in Basic Education - Mathematics major | University of Education, Winneba

ADDITIONAL PROFESSIONAL EXPERIENCE

Upstate Caring Partners (UCP) - Habilitation Specialist / DSP | *Utica/Oneida, NY* | *2024-Present*

- Operate in a regulated, documentation-intensive environment requiring reliability, confidentiality, safety awareness, and precise incident reporting.
- Coordinate with multidisciplinary staff, follow established procedures, and maintain accurate records under time-sensitive conditions.

Education - Teacher | *Ghana* | *15+ years*

- Delivered structured instruction, guided learners with different needs, and translated complex concepts into clear, practical explanations.
- Built strong communication, documentation, mentoring, and problem-solving skills transferable to technical teams and stakeholder-facing work.
